To that I say "Bullshit." This action won't do that. The people in charge are not going to use their energy and resources and destroy their economy for other countries. This is a pure power play by Trump and Tillerson. They want to kill this treaty, and all the other treaties in the world. I think they are going to fail in this attempt, but it will almost certainly set a precedent for a new cold war which will be worse for the rest of the world. I'm not going to go into an analysis of this decision, but let's

look at what I see happening here. I want to go back to Obama. He was at war with Russia, there was a bitter trade war with Russia. Obama had spies sent to Russia on a spy mission, and it was a disaster. The US purposefully broke their law and his spy agencies betrayed American lives, but Obama did not care. He didn't care that he had broken the law, he didn't care about the lives ruined because of it. This was his method, he was going to crash the economy of Russia by cutting off their gas lines (which never happened) and then it was going
