Download

Aug 9, 2011 Method 2 (auto-updater): Minecraft 1.11.2 to 1.12.2.1.1 Notes: When updating from 1.11.2 or older to 1.12.2.1.1 or newer, you will have to edit your Minecraft.cfg file and remove the lines You can find the Minecraft.cfg file easily by go to a folder where the .jar file is located. For example myMinecraft.jar is in /Users/username/Desktop/Folder/Minecraft_1.11.2.jar In the file, you will find the XML file: Minecraft_1.11.2.jar If you are searching for the document, you will find it under the \Minecraft folder, which in the /Users/username/Desktop/Folder/Minecraft_1.11.2/ folder. Open the file and find the elements:
