Does anyone know of a way to convert from Vijeo Designer 4.5 4.2 to 6.2? I just get an error when trying to open the HMI project in 6.2. Does anyone have any information? Has anyone converted from 4.5 to 6.2? If you have the 4.2 version of Vijeo Designer, upgrade to version 4.3 for the new features. Anyone have any information on how to convert from Vijeo Designer 4.5 4.2 to 6.2? A: The easiest way to get the HMI project working is to start from a fresh install of 6.2. With the same project, you will need to make sure that all dependencies have been updated. Right click on the project and "Manage dependencies" and make sure you have the most recent update. The easiest way to upgrade from 4.5 to 6.2, is to use the Update function of the Software Update Tool. I found out that the API's changed in the latest version so I had to change my code. 1.
