I was only out for a few hours this morning because I had to get the kids some breakfast and pack them up to go to summer school, and I knew I couldn't nurse while I was driving. It's good to get some rest, but I definitely need a break from nursing. I don't think my family knows how exhausted I am... but they all complain when I'm at home so I think they know :) My mom says that she feels better when she spends time with my sisters and when she's with them she doesn't think of nursing as she's in the moment, but she's also exhausted! I spent most of my day home today watching the little girl on the floor with her pacifier. She goes to sleep pretty much anywhere, and sometimes she falls asleep on the floor. When she falls asleep on the floor I try to keep her on her back but if she's sleeping on her side I'll lay her on her back so that she'll get comfortable. I've tried giving her

What's New In?
