Firekup Crack Activation Code [Mac/Win]

Firekup Crack + X64

Firekup is a small software application designed specifically for helping you facilitate the access to Firefox profiles. You are given the freedom to generate multiple Firefox profiles, manage the existing ones and back up profile data to a file. User-friendly looks The program sports a clean and intuitive layout that embeds only a few configuration settings that you can play with. There's support for a multi-tabbed layout that allows to easily switch between the key features of the utility, namely Accounts and Preferences. The GUI resembles Firefox's layout so it will be familiar for users accustomed to navigating on the Internet using this particular web browser. Creating, backing up and restoring Firefox accounts Firekup allows you to create a new account just as if you were generating a new tab in your web browser. All accounts are stored in the main window and with just a right-click on the selected one, you can activate several features, such as open the current profile via your web browser, make the current profile your default one, edit the account, and check out account properties, such as name and size. What's more, you are allowed to back up the selected profile to a file by simply specifying the saving directory, remove a profile from the list or delete it from the disk, and restore profiles. Cleaning options enable you to delete the cache, session, cookies, permissions, history and passwords for the selected account. Last but not least, you are allowed to manage profiles by adding a name and making the selected one your default profile, and add an account from the hard disk. Configuration settings Firekup gives you the possibility to select the browser location, run the utility at Windows startup, choose the best quality for PNG images with transparency, as well as add commands for each profile. An overall efficient profile manager for Firefox All in all, Firekup provides an intuitive environment and comes with a handy suite of tools for helping you manage multiple Firefox profiles.{.1086} {.1087} {.1088} ![](brjcancer00117-0127.tif "

Firekup With Serial Key For Windows
