subscriber's groups [?] Promote your business using Campaigns and more... But Mail Master's uniqueness is a lot more that we mentioned: [?] With just one click, you can customize your message and send it to multiple recipients at the same time [?] You can have up to 2,000 contacts (Groups) for your mail campaign [?] Create a ZOOM display of your lists so you can easily manage the contacts. [?] You can directly sort contact lists by Name, Phone Number, Address, Date, Group, etc. [?] You can select whether or not you want email replies to be automatic (in the message recipient's mail client), or manual (via Hotmail, Yahoo, etc). [?] You can send an Email immediately or schedule the email to be sent later. [?] And a lot more... Creating a mailsender for your company is a great way to build and maintain a strong customer relationship. If you think you could benefit from the above features, we recommend you to try Mail Master and start creating your mailsender.

fibrous histiocytoma of the brain. Clinical and radiologic study]. To present a study of malignant fibrous histiocytoma (MFH) of the brain. Cases of MFH treated at the Hospital Nacional Ramón y Cajal, Madrid, during the period 1975-1997 were reviewed. Age, sex and clinical features were recorded, and in the cases with computed tomography (CT), there were recorded: the age of the patient, the clinical and radiological findings, the

CT scanning findings, the pathology report, and the clinical outcome. Five cases were observed with a mean age of 48.7 +/- 8.2 years, four were male 09e8f5149f
