HiCDEject Crack + Free Download 2022 [New]

HiCDEject is a small application, designed with the main purpose of temporarily closing your CD-drive door. It works with every version of Windows. HiCDEject supports multiple computers with multiple installations of Windows. HiCDEject automatically saves its settings in "My Computer". The settings can be loaded in any other program too. You do not need to have admin rights to use HiCDEject. All programs are created on the basis of the non-destructive "Copy and paste" method. The application does not change any system files. To open or close the CD-drive door, you must first hold the Ctrl key, while selecting the HiCDEject icon from the start menu (or just click on its icon). You can see the icon in the start menu. Start/Stop HiCDEject: You can simply press the F5 key to start the HiCDEject application, or you can run a specific hotkey. Start/Stop HiCDEject (with specific hotkey): The following hotkeys are available: Ctrl+F5: Start or stop the application with the F5 key Ctrl+Shift+F5: Open or close the CD-drive door with the

F5 key Ctrl+F6: Stop the application with the F6 key
Ctrl+Shift+F6: Open the CD-drive door with the F6 key To
open or close the CD-drive door with a specific key, you
must first select "Options" from the main HiCDEject
window. In the "Program Options" window, you must select
the "Key macros" box, then choose the specific key
combination. You can also define the program shortcuts:
To define the Ctrl+F5 key combination, click on the "Key
macros" window, and then click the "+" icon at the top.
The following is a list of the shortcuts available: OK,
Save, Cancel: OK F5, F6 You can also define any other key
combination you wish to use to start or stop the
application. You must select the "General" tab, and then
click the "OK" button to save the settings. When you
start HiCDEject for the first time, you must press the
Ctrl key, while selecting the HiCDEject icon from the
start menu. Start, Stop HiCDEject: You can simply press
the F5 key to start 77a5ca646e

HiCDEject

HiCDEject is an application that helps you to eject the CD-drive door with one click of your mouse. In fact, it is a small program that is completely free to use. All the sources for developing this software are included in the program's installation package. All you need to do is to click the start button, then click the program's executable file. For a step-by-step guide to installing this program, please see our Wiki. If you have any questions, problems or suggestions, please don't hesitate to contact us. Thank you for using our application.
